# What is an Instructional Technology Coach?

**Job-Embedded**  
Professional Development

Includes **modeling, co-teaching, co-planning**

**Collaborate** with all stakeholders ~ teachers, admin, parents, students

# Instructional Tech in Fulton County

- Elementary school classrooms will receive sets of iPads for each room.
- iPad roll out will begin in January for some schools.
- Determined by school readiness
- Focus on **Personalized Learning** - Giving each student what he/she needs, when it is needed.

# Personalized Learning

**In five years,  
the classroom  
will learn you.**

# What Does It Mean for US?

The focus remains on **CONTENT**,  
not the **TOOL** being used.

Our goal is to **TRANSFORM** learning, not  
substitute tech for teaching. How does  
it make what we're doing **BETTER**?

Instructional Tech at Dolvin

# How Does It Look at Dolvin?

- iPad carts and laptop carts available daily for checkout
- BYOT (Bring Your Own Technology) in 4th and 5th grades.
- Computer labs available for reinforcement of skills

Instructional Tech at Dolvin

# Why BYOT?

- It **personalizes learning** for each and every student.
- Education becomes **interactive**.
- Portable devices make **learning** a part of students' lives.
- **Engaged** learners are better learners.

Instructional Tech at Dolvin

# How Do We Get There?

## Technology Integration Matrix

	ACTIVE	
COLLABORATIVE		
CONSTRUCTIVE		
AUTHENTIC		
GOAL DIRECTED		

### THE TECHNOLOGY INTEGRATION MATRIX

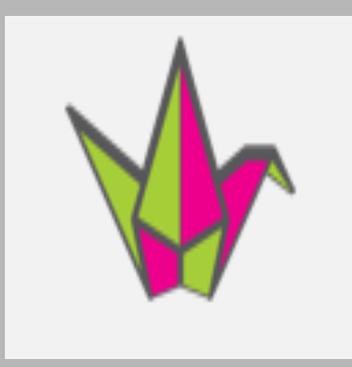

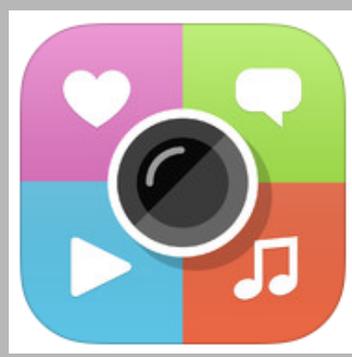

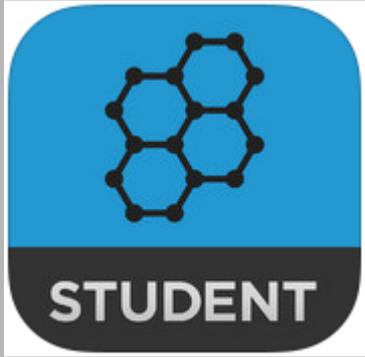

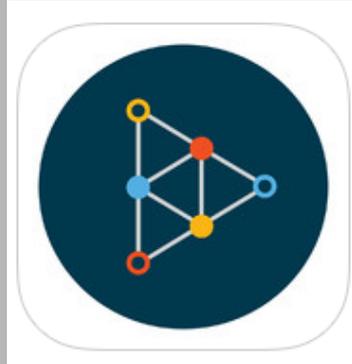

- Provides a framework for defining and evaluating technology integration
- Sets a clear vision for effective teaching with technology
- Gives teachers and administrators a common language for setting goals
- Helps target professional development resources effectively

Start using now ➡
