Need Assistance with Any of the Above?
Feel free to ask any of the contact people for help with ANY of the different levels. EVERYONE is happy to support your PD!

Important Things to Remember

~ If you've already created, published, shared something this school year that meets the evidence of mastery requirements, send it to the contact person for that level! There's no need to do something new!

~ You **do not** need to complete these in order. You may start wherever you would like and jump around from there.

~ Every tutorial in Sophia contains **one written answer** (at the bottom of the page) and **one short quiz** (at the top right corner of the page.)

~ Evidence of mastery will look different at each level.

~ If you have enough content knowledge to answer questions and quizzes without watching all of the videos and reading the articles, you can complete them when ready!

~ If you already know enough to demonstrate mastery without watching videos/reading content, go ahead and do it!
